

Dr. Bulusan shares “PIE” on PAFTE R02 webinar

Dr. Ferdinand Bulusan, Director for Research and Development at Batanes State

University, stressed the importance of providing carefully planned, implemented, and evaluated (PIE) assessment tasks for students in this time of remote learning, as he served as guest speaker during the *Webinar on Research-Based Assessment Strategies for Online and Distance Learning* on May 17, 2021, with 224 participants from various colleges and universities in Region 2.

Dr. Julieta Paras, CESE Director IV of the Commission on Higher Education (CHED) Region 2, graced the event with her inspiring message for the participants. Fr. Franklin Picio, President of the University of La Salette, together with Dr. Madeilyn Estacio, Vice President for Academics, also took part in the program.

As stated by Dr. Lilia Antonio, Regional Chair R02, the webinar aimed to provide the participants varied ways on how to assess their students' progress,

both formative and summative, as well as strategies in providing feedbacks to online and distance learners. These objectives were evidently achieved as Dr. Bulusan's presentation revolved in these areas of concern.

Moreover, Dr. Milagros Borabo, PAFTE Vice President for Luzon, was the one who concluded the event. The webinar was sponsored by the University of La Salette, Inc. in collaboration with PAFTE Region 2.

LIMITLESS

As we traverse our roads toward success, we, members of PAFTE Region 2, remain to be limitless in our journey. Brandished with excellence and integrity, we have paved our ways toward a meaningful and well-lived life.

We never cease to maximize our potentials and grab opportunities along the way in our diverse battlegrounds. We continuously soar high amidst trials and difficulties of this new normal because this is the spirit of an educat
