## SCIENCE DEMO TEACHING

9. **Title:** Grade 8 - Atoms and Molecules Mock Demonstration (Teacher Jen Channel)
10. **Link:** <https://youtu.be/nyuE-rlwkR4>
11. **Grade level/ Subject:** Grade 8 Science
12. **Modality:** face to face / with students
13. **Topic/subject matter:** The Particle Nature of Matter: Atoms and Molecules
14. **Activity that can be observed:** The video shows a whole lesson about the atoms and molecules, three-phase of matter, and physical phase changes of matter. The teacher used two activities. In the first activity, the students used their critical thinking to analyze if the answer is fact or bluff. While, in the second activity, the teacher used collaborative activity in the group activity.
15. **Instructional task/s that can be observed:** In the demonstration, you can observe and see the presentation of objectives, subject matter, procedure (preliminary activities such as prayer and checking of attendance, motivation, activity, analysis, abstraction, and application), evaluation and assignment.
16. **Other features:** From YouTube, you can download the full lesson plan used in the demonstration. This video is part of Teacher Jen's YouTube Chanel.
